

# CONCEPT OF THE UKRAINIAN BUSINESS RECOVERY

# UKRAINIAN BUSINESS RECOVERY

**1**

## BUSINESS:

### RDDP

- 1 A business submits an object-related information about damage/destruction, with supporting documents;
- 2 A business encloses evidence confirming lost profits (financial statements, expert opinions, contracts, etc.);

### Business Module in the DREAM Ecosystem:

- 1 The system processes data from RDDP and GIS, forming impact indicators of an enterprise on a region's economy (focus – jobs)
- 2 Projects are prioritized according to the prioritization methodology (developed by partners) based on the impact on the socio-economic status in a region/community.

### Support programs:

- 1 A business submits its project to the Committee for support;
- 2 The Committee recommends the project for implementation.

**Participation in the Advisory Group**  
For participation, please, mail to: [restoration@mtu.gov.ua](mailto:restoration@mtu.gov.ua)

**2**
